

PATIENT WITHOUT A PROTOCOL

1. Policy: Anyone requesting EMS service will receive emergent evaluation, care, and transportation (if consent provided) in a systematic, orderly fashion regardless of the patient's problem or condition.
2. Purpose: To ensure the provision of appropriate medical care for every patient regardless of the patient's problem or condition.
3. Procedure:
 - 3.1. Treatment and medical direction for all patient encounters, which can be triaged into an EMS patient care protocol is to be initiated by the respective protocol(s).
 - 3.2. When confronted with an emergency or situation that does not fit into an existing EMS patient care protocol, the patient should be treated using the **CORE Protocol** and a **Medical Control Physician** should be contacted for further instructions.
