DRUG CONCENTRATION/SHORTAGE STATEMENT:

From time to time the drugs on the itemized list used by LaSalle General Hospital Ambulance personnel may be supplied in concentrations or amounts other than those indicated. Regardless of the particular manner in which these drugs are supplied, equivalent total amounts must be present, and it is the paramedics' responsibility to be certain that the correct dosages are supplied to patients.

Unless specified otherwise, generics and brand name products are considered interchangeable.

The list of drugs accompanying this statement has been approved for pre-hospital use by LaSalle General Hospital Ambulance personnel.

This will only be signed in the event of a drug concentration changes.
